GERMAN AIR SERVICE IS DESTROYED BY ALLIES IS REPORT

LONDON, May 11.—The German air service has been battered to pieces. Since March 21 it is estimated their losses total 700 pilots, observers and machine gunners, while 1000 machines have been destroyed.

This explains the cessation of the raids on London and Paris—the enemy being forced to withdraw night pilots for use in day flying and observation on the fighting front.

The Germans also require their huge long distance bombing machines for bombing near the front because they have lost so many of the regulation small type.

It is no secret that the British aviation service saved the situation in the early crucial days of the drive when Von Hindenburg flung forty divisions against the British fifth army, which had only four-

teen divisions.

The German aviation service suffered tremendous losses trying to gain supremacy of the air as low flying British machines attacked and broke up German communication and supply trains with machine gun fire and bombed newly constructed railway centers, thus delaying the German advance.

British, French and American aviators are bringing down enemy machines at the average rate of forty-five a day and anti-aircraft guns are gathering a big toll. Even the infantry has shot down a number of the hostile machines downed are two seafarers—combination fighting and observation craft—on which the Germans have specialized.

Many more German machines have been driven down out of control and have been observed to catapult, landing with a crash, although the occupants were evidently not hurt.

DRAFT SLACKER IS ARRESTED AS DESERTER

Bernard Sowick, who is alleged to be a draft deserter was arrested by one of the guards at Oleum and turned over to the local board here for detention pending advice from the board at Seattle where the man is registered. Sowick is a member of the crew of the tanker Oleum which came in yesterday to take on cargo.

He claims that it is all a mistake on the part of the board and that he can explain the entire matter away when he returns to Seattle. The man is being held in the city jail.

CONCRETE SHIPYARD MAY FIND LOCATION ON BAY WEST OF STANDARD WHARF

Steps in Richmond for the Government plant for construction of concrete ships that is to be located somewhere on San Francisco Bay have been submitted to the United States Board, now at the Palace Hotel in San Francisco, by the Richmond Industrial Commission, and every effort is being made to get something out of this for Richmond, though there is not a site here ready.

The members of the Federal Board now at the Palace are: I. W. Hubbard, Division of Shipyards and Plants and E. K. Parker, Department of Concrete Ships, both sent here direct from Washington, with instructions to use all possible speed in getting construction under way. At the Palace Hotel they met Lieutenant Hynes, in charge of concrete construction for the Navy, and these three are looking into the sites proposition.

As usual Richmond is handicapped by not having any site ready. Efforts have been made to have the officials visit this city and they may do so unless they find, as they expect to, a site that is immediately available. "We are interested in

EXERCISES FOR MEMORIAL DAY ARE OUTLINED BY COMMITTEE

The committee that has been given charge of arrangements for proper observance of this National Day of mourning, has formulated plans for the Richmond people in which it is hoped to get a hearty cooperation of all patriotic citizens, societies, both Fraternal and Civic, the churches and organized labor, also the people of Allied Nations, who live among us, who are engaged in the present great war.

The plans contemplate a parade in the streets of Richmond to be formed and carried out in the manner to be given later through the local newspapers. The Committee will have on hand the various bands and drum corps, and at the termination of the parade at the subway 16th street, there will be in waiting street cars to convey the people to the cemetery. We would also hope that all those who have automobiles would be with us this day and assist in any manner that they can in handling the people.

The program at the Cemetery will be published in local papers later. The general idea is to have an address, ritualistic ceremonies by the G. A. R., Spanish War Veterans and patriotic societies that have something in that line to present. There will be instrumental music and singing interspersed.

The Spanish War Veterans will provide a firing squad under Sergeant Pennington, to fire a salute to the dead.

The exercises will close with the decoration of the graves with flowers. This ceremony will be under the control of a competent committee.

The committee wishes to draw the attention of the people to the proclamation issued by the Mayor of the city of Richmond, W. L. Lane, requesting the people to refrain from all frivolous amusements on this day, and make it what the name implies, a Memorial day for the dead, and to bear in mind that this roll is being increased now every day on the field of battle.

RABBIT MEN TO HOLD MEET IN W.O.W. HALL

The Richmond Rabbit Association, is the latest war efficiency organization to demand the attention of the public. The association has fully thirty-five members and they are owners of rabbits of from a dozen to several hundred animals. Members of the association will meet next Tuesday night at W. O. W. hall and on that occasion there will be present John Lewis of San Francisco, who will judge any rabbits which may be presented for inspection, as to its good points for commercial purposes.

Members having rabbits which they desire to have inspected should bring them out to the association meeting on Tuesday evening next.

CROCKETT TEAM BRINGS BIG ROOTING CROWD HERE FOR THE GAME TOMORROW

Crockett was razzed last Sunday by the Marines and she believes that she can get revenge tomorrow by handing it to the Elks when she comes to this city for the big game at the First Street Ball Park. Crockett will probably be on the mound for the visitors and if he is there will be some pitchers' battle on Sunday and it will be war from the first to the last inning, for the local man, Hollis, is in exceptional form this year and is getting better with every game.

Manager Callahan, of the Crockett team informs Manager Dietrich there will be a big crowd of rooters from the sugar town on Sunday and they are coming here to boost the Crockett team into first place in the league, if clever moral support counts for anything, for everybody in Crockett is behind the Crockett ball team and it takes this sort of support to win, for a discouraged team never gets anywhere.

Manager Otto Dietrich announces that he is ready for the bunch which is coming to here to clean up his Elks on Sunday. He is going to

BOMBARDING IS KEPT UP AT AMIENS

WITH THE AMERICAN FORCES ON THE FRENCH FRONT, Friday May 10.—American batteries bombarded the enemy lines heavily last night, the shells causing fires in the villages of Cantigny and Mesnil St. Georges (west of Montdidier), held by the Germans.

German patrols continue active along the front. One attempted to rush American outposts, but was driven off by light rifle fire.

An American outpost caught a German trench dog. The pouch about his neck contained a message that the German retaliatory fire was falling short and that many of their own shells were landing in Cantigny. This confirmed previous information reported by American outposts.

ATTACK PREVENTED.

A German plan for an attack near Apremont village with flame throwers was foiled into a cocked hat by our guns, it was learned from German prisoners captured by the French in Apremont forest.

Prisoners captured by the Americans northwest of Toul divulged that the Germans were bringing up flame throwers and placing them behind Apremont preparatory to an attack, whereupon American artillery threw over every assortment of projectiles and fine results were reported.

The prisoners taken today confirmed the reports fully. Before our patrol made its un molested tour of Apremont village this morning a private made a daylight jaunt into Apremont on his own hook.

This private learned yesterday afternoon that there was to be something doing, and expecting his lieutenant would reconnoiter, decided to beat him to it. He crawled into No Man's Land in daylight to the outskirts of Apremont and returned, reporting that there were only a few Germans there.

When the patrol entered this morning the men crept in on both sides. One group heard two Germans approaching and tried to capture them. The bodies crept away. It is now believed that they formed a German outpost in the village and that they signaled for the German barrage, which was put down when the Americans had reached a point only one hundred yards from the German wire.

Cordially invited to be present and enjoy a fine social evening.

RICHMOND CLUB WILL SEW FOR RED CROSS

The ladies of the Richmond club are going to sew on Monday afternoon for the Red Cross at the clubrooms. Ladies are requested to bring along thimbles and needles and be on hand at 1:30 o'clock. The work will be in charge of Mrs. Horner.

CATHOLIC LADIES TO ENTERTAIN AT WHIST

The Catholic ladies of St. Paul's church at San Pablo are going to give a whist party and social dance at St. Paul's Hall on the evening of the 28th of May. The public is

will come the various workers engaged in the Red Cross drive, and members.

The Mobilized Women of Richmond and vicinity held their meeting yesterday afternoon to prepare for the big Red Cross drive which begins in this city and in the county adjacent from the 20th and will extend to the 27th of the current month, inclusive. Included in the Richmond district are Hercules, Pinole, Glant and El Cerrito and we are expected to raise during the period of one week the sum of \$20,000 for the benefit of the boys who may be wounded or who perhaps will get sick "over there." It should be a very easy matter to secure this amount of money, for everybody is willing and anxious to do something for this great organization which in this war is doing so much for suffering humanity.

Members of the Mobilized Women were present from Hercules, Pinole, Glant, San Pablo, Winchaven and all portions of Richmond proper. Mrs. O. E. Gibson presided over the meeting and Chairman Clark and Charles J. Cray, of the Red Cross explained the method of conducting the campaign. Blanks were supplied the workers and they were told how to fill out the same.

On Saturday evening, the 18th, will begin the real opening of the drive with the big parade of the Mobilized Women and Red Cross workers, but be it understood here and now that no man can march, except he be a member of a band to furnish music and additional inspiration. This is to be a parade strictly for femininity, but the men can stand on the street curbing and watch them so by on their triumphant march to victory and success in their great work.

A military band from Angel Island will lead the parade, then following will come a living Red Cross composed of high school girls. A Red Cross banner will follow, then

"YOUR ADVERTISEMENTS REFLECT THEMSELVES"

That's what a business man told us the other day. We're glad they do. We try to make them do just that—and no more. We do not want to promise more than we can perform. We do not want any one to get a wrong impression from anything that appears over our signature from week to week. When we say that this bank uses the best methods in all departments—when we say that you'll receive courteous, intelligent, helpful service when you come—when we say that all depositors, regardless of the size of their accounts are welcome here—we mean just what we say. Nothing could please us more than to know that we are succeeding in reflecting our institution and ourselves in these advertisements.

THE CHANCE FOR THE CHURCH

This war will give the church its greatest chance. Will it make good?—Rev. Charles Stelze.
 When the Israelites, after four hundred years of captivity in Egypt, were to depart to conquer "the promised land," they sprinkled blood on the sideposts and door lintels of their homes. Baptized their faith anew in blood.

When at the last supper, Jesus took and raised the cup, He said: "This is my blood—drink ye all of it. For, as oft as ye drink ye shall proclaim my death. Do it till I come again, but when I come, it will be in power—to set up by My Kingdom."

Religious evolution or progression always is accompanied by blood, sacrifice and martyrdom. In the present war there is a clear alignment between Christian civilization and materialism, meaning might is right and backed even by anti-Christ. Spiritually considered it is a religious war, though not so proclaimed and though undenominational. The Teutonic-Turk proposition that might is right is alone sufficient to give the issue religious significance and standing.

What is the "power" and "kingdom" of Christ's coming against The strongest power is love. No kingdom lasts that is not based on love.

What do the enormous losses in lives and property in this war mean but that the nations must work together, think together more harmoniously than ever before, to rehabilitate? What is the frightful sufferings and ruins of Belgium, Serbia and Armenia is world-wide sympathy and charity stronger and deeper than mankind ever before felt.

How many millions of families will, through their losses of sons, husbands, father, brothers, drink from this cup of blood and be drawn away from the material to the spiritual?

Indeed, it will be the church's greatest chance, as Dr. Stelze says. And if the merciless, bloody hand of Teuton autocracy seizes all, it will be the church's greatest calamity. Hard the labor, uncertain the fate of the church, if ever the hellish doctrine that "might is right" rules that part of the world wherein the church has found freedom and opportunity for growth.

All this is not predicting that, after this war, Christ will come again in person to His kingdom. But he will not come until in power—until love rules.

In France fifty per cent of the total energy of the people is said to go into military effort. Hardships, hunger, sorrow—all suffering is excused with the explanation, "It is the war." This is the kind of spirit needed in every American home.

A pair of leather shoes costs \$83 in Budapest and it costs \$20 to have your shoes half-soled. If shoes cost that much, maybe the cobblers peg the half-soles onto the bare feet.

A pacifist has just been elected to office in Berlin. A couple of air raids on Berlin and you wouldn't be able to find anything except pacifists.

Well, old Bill the Kaiser, we turned out thirty-two ships of 240,000 tons in April, anyway, and we've just begun to get a move on.

WHAT OF HOLLAND?

The entente and Germany are in a battle of diplomacy for Holland and, if recent history is worth a cent as a criterion, Holland is going to do pretty much as Germany desires. Since the beginning of the war German diplomacy has won the victories, save in one instance, a very important one—the forcing of America into the war.

Holland is crisscrossed with Teuton propagandists, much of her press has been bought up by Germans, she is almost wholly dependent upon Germany for fuel and it is likely that she would have materially favored Germany long ago, had it not been that breach of neutrality would mean her immediate loss of all her colonies.

Holland could give Germany 400,000 or 500,000 trained soldiers almost right on the spot of the big conflict now raging. She could also give Germany some new and important advantages in the U-boat warfare.

Holland is one of the nations that might be decidedly influenced by threat of a trade boycott. She has big sources of wealth in Java, Sumatra, Dutch Guinea and the West Indies and an export trade in certain commodities that she enjoys almost exclusively.

Watch Holland. She may become another Barmenia. Whatever she does will be most important.

"Farmers are sometimes the last to heat up, but they stay hot; and in a long fight they are always found sturdily carrying the battle across No Man's Land to the foe, in the last grim struggle."—Herbert Quick.

"The one sure way to supply the supreme need for food," reads a proclamation by Governor Bickett of North Carolina, "is to man the bread line with the woman power, the boy power and the girl power of the state."

Now that we have an opportunity to land a half dozen ship building plants in Richmond, it looks like the land owners and city government would do something to help these manufacturing enterprises to land here.

The collar trust has sent word to the haberdashers that prices are to be raised. From every side we get it in the neck.

Von Capelle says this is going to be a long war. It is—if the German navy has its way about it.

France's deputy high commissioner to the United States is Mr. de Billy. We hasten to inform everybody that he is a relation in no way to Herr William.

War is an ugly thing, but a German peace is uglier—Russian farmers are producing German food.

"All the resources of the country are hereby pledged"—now is the time to work them to the limit.

So long as the boys are at the front, difficulties are to be subdued, impossibilities to be trampled down.

Pick up the plow where it stands in the furrow—patriotism is the practical doing of the next job.

Stomach Trouble Cured

Oakland, Oct. 2, 1917. My stomach was my master for many years. I had a stomach pump. Then they treated me for ulcers, and finally, as I did not improve, they observed my digestion through an X-ray. Concluding that they could do nothing for me they sent me home with the suggestion of an operation. Then a fellow employee who had received a great benefit by drinking the FONG WAN CHINESE HERB suggested that I try them. The first cup of tea brought me genuine relief, and after a few weeks I was entirely cured. I am back in the office and will be glad to give my personal testimony to any desiring it.

EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it is done so naturally, so freely. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-made preparation, improved by the addition of other ingredients, called "Wych's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wych's Sage and Sulphur Compound and look young again. This ready-made preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

WHIST PARTY AT SAN PABLO WAS BIG SUCCESS

The big whist party given by the Ladies of St. Paul's Catholic church at San Pablo last night brought to the Red Cross Chapter something like \$45, according to reports brought to the Record-Herald this morning by members of the committee. Some of the members holding tickets on sale have not yet turned in their reports, but is expected the money will total something near the amount mentioned.

Those receiving prizes were, for the ladies, Mrs. Apperson, 1st prize; Mrs. C. E. Hutson, 2nd prize; Mrs. W. C. Mainwaring, 3rd prize; Mrs. William Fraser, 4th prize; Mrs. Burget, 5th prize. If Backachy or Kidneys Bother

Eat less meat, also take glass of Salts before eating breakfast

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water, and also get from any pharmacist four ounces of Jad Salts; take a

tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advt.

BRIGHT COMEDY IS FEATURED TOMORROW AT PLAYHOUSE

For real fun and laughter it is hard to beat the unusually comical playlet "Selling Out" showing as the headliner at the Richmond Theater tomorrow. The cast is made up of members of the Bailey Koerner company, numbering some of the best vaudeville talent. A farmer is dragged into the net of financial excitement in an attempt to better his fortune but it turns out another way. The play is full of comedy and is one of the big productions of the best circuits. Owens and Marks appear with some clever comedy singing and dancing. Signa Andreas is a wonder of a girl with beauty, grace and a voice for singing and a talent for story telling. Character songs are her specialty. George Barnes is a comedian of note with some new stuff. "The Wild Strain" is the big picture of the show featuring Nell Shipman and Walter Whitman. A Pathe News will also be shown.

ARMY BARRACKS FOR NURSERIES

One of Them Houses More Than 800 Children Under Ten.

Within sound of the deep throated guns of the French firing line, guns that are ceaselessly telling the Germans "they shall not pass," live hundreds of happy, healthy children. At the beginning of the war the buildings in which these kiddies now live and play and study were barracks for French boys training to be soldiers. Today these boys—those who are left of them—are veterans. These barracks are good modern buildings, and they are set amid beautiful scenery. There are several of these groups of barracks scattered throughout France, and all of them have been turned into homes for the nation's homeless children. At one of the barracks-nurseries there are more than 800 children. Some are babies of a few days old, and the oldest is not over ten years. Most of these children are orphans. Some few of them have mothers who are working in fields and factories to help France win the war. These little folks are receiving the first intelligent care of their lives. Skilled American doctors are in charge of the kitchens, and experienced teachers are instructing these old enough to attend the barracks-school. The older girls and boys are being taught useful trades as well as the usual classroom lessons, and with it all these children are learning the joy in healthy play. France laid upon us a sacred service in this care of its children. And how noble has been the response of our American Red Cross!
